> EPISODE: 2<br>

> <span>\*\*\*\*We all stood there planning to destroy this evil Digimon. How could or nemisis reall be our friend..... OR should I say relative.

> <br> "MADRIX", I shouted. "Look at this information I found on MEGAKABUENNIMON!" MADRIX walked over. The stats said the following: ' It uses it's silver staff to controll his opponents with an emerald sphere it places on it's enimies. No more info known. ' I couldn't believe it! We had to defeat this thing? How? MADRIX pressed a button and a picture of the Digimon came up again. " See that red circled on his head?. said MADRIX. "Yes!", I said. " Well it's the source of his life and energy. We have to destroy that to weaken him!"

> <br> For two hours we planned our mission. The JEDI brothers would be the welcoming comittee. Catastrious would shut down the computers and download the info from them. I would help weaken the Digimon, Knuckles would hold him back while MADRIX, Catastrious, and I destroyed the thing on his head. Then we would all use CalastriousEmrotalics guns to destroy what was left of him. IT would be bloody and risky... But it's all we could do.\*\*
